

## Project Proposal Form

### Only Certified Tree Stewards may submit project proposals.

CATS projects are for the purpose of woodland restoration (including invasive removal and pest management), increasing the canopy, and establishing riparian buffers. Priority for project approval is given to public property, i.e. land owned by taxpayers. Private property may be considered only if it has non-profit tax status, it can be shown to benefit the general public, and it provides comprehensive public access.

CATS educational projects, which have the purpose of instructing the general population about tree knowledge, tree maintenance and tree propagation, can take place on private property only if no appropriate public property is available to conduct such instruction.
